I hear you knocking..... Community Assessment Project Volunteers

The community assessment is well underway, and our volunteers have spent many hours going door-to-door to complete the surveys (and making the best of the uncooperative weather!). We want to extend a big THANKS to those who are working hard to make this project come alive. Survey volunteers include members of St. Paul's Episcopal, UMD, and community citizens.

We would like to acknowledge the continued effort and participation of:

We also want to thank our partner organizations for their continued support.

More updates on the survey will be available as the project progresses.

MIND 2 MIND AFTER SCHOOL PROGRAM

Our Mind 2 Mind After-School program has been up and running which has been powered by active children, enthusiastic volunteers, saintly St. Paul's church members, and super duper Mind 2 Mind staff. I would like to thank all the volunteers who have joined M2M to help the children during homework time, the Hartley Nature Center who helped plan the activities for the children on the early release day, and the UMD Black Student Association with their help with the Halloween Carnival.

We still have a few openings for children in our After-School program so if you are interested or have questions please call Jennifer at 728-4287.
